Any player not on the seeding list is assigned a point value of one (1) point.

Seedings for the upcoming year are based on [posted ESPN] PGA earnings from the previous year "Tournament of Champions" through the "BMW Championship" plus "Fall Series" adjustments. The EARNINGS posted on ESPN for that particular event are what STAND for the DPRFG weekly and year to date earnings.

## 2022

### Fall series Tournaments that influence the next year seeding values.

The "Fall Events Earnings" are part of the next year PGA tour stats.

Each player (participating in the fall events) earnings will be added to the previous year earnings to determine seeding values only.

### EXAMPLE

Bobby Gates earns \$2,700,00.00 this year in tour money. Assume, Gates wins a "Fall" event and earns \$1,000,000.00. His total of \$2,700,00.00 from this year now becomes \$3,700,00.00 for seeding purposes. He will be seeded the same as any player who earned \$3,700,00.00 this year and did not compete in the "Fall" events. NOTE: Gates \$1,000,000.00 "Fall Earnings" WILL NOT COUNT in the DPR Fantasy Golf following year Earnings. Only money earned from "Sony Open" thru the "BMW Championship" counts in our league.

**These tournaments influence Seeding Values:**

Fortinet (Sep 19th, 2021), Sanderson Farms, Shriners Children's, CJ Cup, ZOZO, Bermuda, Mayakoba, Houston Open, RSM Classic (Nov 14th, 2021)
